ABOUT ME

a web developer with over one year of experience, I have a strong background in low-code development using the Genixes platform, as well as proficiency with Django and SQL databases. I am wellversed in key web development technologies such as HTML, Bootstrap, JavaScript, and CSS, and have a good understanding of OOPs concepts.

In addition, I possess a good knowledge of DevOps tools, including Docker and Jenkins, and am comfortable working with cloud platforms such as AWS and Azure. My ability to adapt to new technologies and willingness
